**WORLD ACCREDITATION DAY 2010**

June 9th will mark World Accreditation Day 2010, and the theme this year is 'Global Acceptance'

World accreditation day is a worldwide initiative jointly established by the International Accreditation Forum (IAF) and the International Laboratory Accreditation

Cooperation (ILAC) to raise awareness of the importance of accreditation-related activities.

This year marks the 10th anniversary of the ILAC Mutual Recognition Arrangement (MRA) and the 12th anniversary of the IAF Multilateral Recognition Arrangement (MLA). The principle aim of these arrangements is to promote equivalence of conformity assessment activities, thereby reducing TBT's in global trade.
