NEWLY QUALIFIED ASSESSORS

Congratulations to our new technical assessors qualified in March / April 2014:

- Trudy Nkwane (Medical)
- Mathilda Mogaladi (Medical)

We hope to have a long and successful working relationship with all of our new assessors!

AWARENESS: SCAMS AND OTHER FRAUDULENT ACTIVITIES

In this technologically rich environment we live today, the possibility of receiving a scam email or letter has become an everyday occurrence. It is therefore vital to create awareness and highlight the possibilities of scams and fraudulent activities within the SANAS community so that you are informed.

Probably the most common scam or fraudulent activity is receiving a notice of change in banking details. This can take place in a number of ways, but should you receive such a notice the best action is to contact a known person within the entity to verify the change before any payment is made. Alternatively should you not know a person within the entity, one way of verifying information would be to make a comparison of previous correspondence received and then to contact the entity's reception to verify.

There are many more examples which can affect both SANAS customers and staff members and therefore the SANAS finance department will be issuing a letter to all account holders within the next month highlighting these issues.

Should you have any queries or concerns you are welcome to contact the SANAS finance department.
